

## **Bach toujours ! *Bach Forever!***

Maud Gratton is everywhere: she leads the ensemble “Il Convito” which she founded, and plays organ, clavicord, and piano, as soloist and chamber musician. She has already recorded many CDs, as the soloist or with her ensemble, directed several projects in the Nouvelle Aquitaine, and is the Associate Musician for the Cornouaille theatre. For the festival she is revisiting Bach and his unique virtuosity for concerto composition. An outstanding musician, inventive and precise, she enables us to appreciate the polyphony of these works, her impressive understanding diffused, almost by osmosis, with her nine partner musicians. Critics highlight the “breath of youth”, a “perfect technique” and “inventive thought”. Not to be missed!
